

Have you ever wondered what happens to a patient after you drop them off at the University of Cincinnati Medical Center?

Objectives

- Describe the movement of the trauma patient from the prehospital environment through resuscitation, critical care units and discharge.
- Discuss ongoing assessment and management of patients.
- Observe the multidisciplinary approach to the care of the trauma patient.

Join us for Trauma Rounds!

All Fire, EMS and First Responders welcome. Earn up to **4 hours** of trauma CEU's with the regions only Adult Level 1 Trauma Center. Rounds begin at **7am** at the **University of Cincinnati Medical Center**.

Observation is permitted Mondays, Tuesdays and Thursdays. A brief HIPAA survey is required prior to observation.

*CEUs provided by the UC Division of EMS, State of Ohio CE Site #2172
