

STEMI and 12 Lead EKG Course

When: August 8th from 8-4:30pm

Location: Mercy Health Home Office, 1701 Mercy Health Place, Cincinnati, OH 45237. Room 144AB

Description:

The 12-Lead ECG STEMI Interpretation class is an interactive program designed for paramedics, nurses, APPs, and emergency medicine residents. This course is specifically intended to assist novice and experienced clinicians to recognize STEMI on a 12 lead ECG.

It is also designed to provide a method to recognize to most common “STEMI imposters” that often drive unnecessary cardiac cath lab activations.

The final part of the program encompasses actual patient case studies to allow participants to utilize the skills they have learned throughout the class.

To enroll please contact **Lauren Geisen EMS Coordinator TJH** @lageisen@mercy.com. Space is limited.
